

Friends

Player can register other players as their friends

Intention : make it easier for the players to connect to players they know, and find the ones they prefer quickly when using other social features like Hub Visits or Material Requests

Player interest : keeping registered a set number of players they like and/or whose contact can be profitable to them

Ref(s) : *Arknights, Brave Frontier (character sharing), Final Fantasy XIV, MapleStory 2 (housing)*

- 50 friends max (may change later)
- Friends can be found by entering their user ID or pseudonym or using Facebook
- Friends can be added by sending an invite to the desired player and receiving a positive response from them
- Friend invites should be notified with a red dot on Community Center icon
